

# Factory Visit: D.B. Shoes

As you may be aware, there are very few factories left in the UK. DB Shoes are still making their footwear here in the UK, and Society students and members have been invited to receive a guided tour of operations. This is an invitation not to be missed!

If you would like to know more about the manufacturing process, see the machinery and materials for yourself including a 'direct moulding machine', then please make every effort to attend our Manufacturing Workshop and breathe in the wonderful aroma of good quality leathers. It will certainly help you understand the huge amount involved in making a pair of shoes.

**PLEASE NOTE:** The postcode does not relate to the correct position of D.B. on a Sat. Nav. system or Google maps (see green arrow!!!).
